Challenge the elements with Ribcraft

RIBCRAFT

SUZUKI Way of Life

Ribcraft is the leading British builder of custom and production RIBs with serious off-shore capabilities. We work with our clients to build RIBs that meet their individual challenges. All stages of the process are carried out from our UK factory, from design, manufacture of deep-V hulls and tubes to installation of electrical systems and power units.

From 4.2m to 18m, we can custom build to your exact requirements, whether it's leisure, commercial, military, emergency services or rescue. To give us your latest challenge contact us on:
